

SAN BLAS SPANISH SCHOOL CUSCO – PERU

SINCE 2003

The San Blas Spanish School is dedicated **to teaching the Spanish language as a second language**. As a beginner you can obtain a solid basic level of Spanish in two weeks. Practiced in class and outside to communicate in and understand the Spanish language.

It is a school with an average of 25 (low season) to 35 (high season) students a day. We have 9 teachers working for us full time. The main location is situated in the middle of **artistic quarter** in Cusco at the San Blas square. It is surrounded by a lot of restaurants, handicraft shops and cultural cafes. You can also study in Cai Cay, a small colonial village near Cusco. Read more about this option later on.

Spanish lessons are taught using **proven lesson plans** to assure a quick understanding and ability to use the

language in every day situations.

Enthusiasm is one of the keywords as to how we teach Spanish. Teachers use their enthusiasm to find interesting teaching materials for you and are proud when achieving their goals to improve your Spanish writing, reading, listening or speaking level.

You receive **individual attention**, even when studying in a group. The size of the school, the maximum size of a group (4 students) and the dedication of the teachers assure this.

Group class	Max 4 people who have the same level of Spanish. You can study in a Group class for at least a week.	\$ 4.50 per hour* \$ 90 per week
Individual class	You decide your time of classes and learning focus.	\$ 7 per hour

* one hour is 60 minutes of instruction. We offer a discount on these prices in the low season.

The school has experience in teaching students of varied levels and backgrounds. The majority of our students just finished university. But we also teach to children (9 to 15 years old), working professionals like doctors, engineers, salesmen and teachers, high school students, families and groups.

The School was created with the enthusiasm, not only to teach the language, but also to introduce students to the Peruvian culture and customs.
